## PROOF

Some of the Homestay booking website don't have live comment and review giving option .  
So I added it as a new feature to my website

The screenshot shows the agoda.com homepage with a search bar for 'Darjeeling' and a result count of '674 choices'. The search filters include 'Sort' (Best match), 'Top reviewed', 'Lowest price first', 'Distance', and 'Hot Deals!'. A deal for 'Central Heritage Resort & Spa' is highlighted, showing a 6.8 rating from 646 reviews and a price of Rs. 2,946. Another deal for 'Tripoo Potala Palace' is also visible.

The screenshot shows the booking.com homepage with a search bar for 'Motels'. The search filters include 'Check-in' (25 April 2024), 'Check-out' (26 April 2024), '2 adults - 0 children - 1 room', and a 'Search' button. A deal for 'NIGHT OWL' is highlighted with a price of INR 12,999. Another deal for 'Tripoo Potala Palace' is also visible.
